# “Dutch Motor Adventure“

---

## Details

Location: South of the Netherlands

Purpose: motorized Fun

## Motorized Program

This program will take place in the beautiful surrounding of the hills in South Limburg (near Maastricht). This part of the Netherlands is known about the characteristic landscape. The participants will drive with their vehicles on asphalted and sandy roads.

The “Dutch Motor Adventure” contains of a jeep safari, quad safari and a mountain bike trip.

### Jeepsafari.

The jeep safari is an adventurous tour where the participants will be behind the steering wheel themselves. Together with a compass and instructions does to have the team of four participants have to find their way. The tour leads you through the beautiful landscape via questions and tasks.

### Mountain bike tour.

Under guidance of an experienced instructor do we make a adventurous mountain bike tour. Before the tour you will be instructed about the 21 gear mountain bike. The tour takes you through the beautiful landscape. There will be sportive as well as easy going levels in the tour.

### **Quad safari**

You will driving a full automatic quad with two persons. The quad is full automatic and you need to have a driving license. The maximum speed is 65 km an hour. You will drive over the hilly landscape in South Limburg. You will be guide by an instructor who will take care of the instructions and a save tour. The quad safari is a combination of excitement, sport and adventure.

### **Catering**

During the “Dutch Motor Adventure” will the participant be guest in a authentic guest house. They will be served a farmer lunch with drinks. All the way back to old times.
