Program

Historical Sailing tour

Water, sailing and discover are the characteristics of the Dutch. Many lakes, waterways and an historical sailing boot are a unique combination to discover the Netherlands in her best way. You will experience the spirit of the being together with your team in the water and the fresh air. Fresh Ideas and new possibilities will run into your mind!

The “Dutch Water Adventure” provides her guest the possibility to enjoy the wind, water and sun. Besides to be active participating the sailing, you can experience a century old tradition on an historical sailing boot.

Visit Neeltje Jans

The province Zeeland lies for her biggest part under the sea level. In 1953 the dikes broke and caused an enormous flood, because of to low and bad dikes. The changes for a flood that time where 1 x in 80 years. Now after the Delta Works the chance to have a flood is reduced to 1 x in 4000 years. We will visit this unique building construction to prevent the sea to flood the countryside. You will see a concrete constructions with a guaranteed lifetime of 200 years and massive steel doors of 45 meters wide.

Climbing and abseiling the pillars

The make it even more exciting during our visit at Neeltje Jans, you will have the possibility to climb the pillars and do some abseiling. Of course you will be tied to a secure line and there will be an instructor present to explain the way of doing it and gives you the safety instructions. Looking for your personal boarders is the aim!

Catering

On board you will get all kinds of food on request. And of course if there will be interest we can prepare the local fish and specialties. Come on Board!
